

Dr.C.Adithan: Research Grants Received (Total 3.5 crores approx..)

No.	Principal Investigator / Co-investigator	Source	Title of Project	Period of Support
1	Principal Investigator	ICMR, New Delhi	ICMR Center for Advanced Research in Pharmacogenomics	2007- 2012 (5years)
2	Principal Investigator	ICMR-INSERM, New Delhi	Charaterization of the 5'regulatory region of CYP2C19 in the South Indian Population	2007-2009 (3 years)
3	Principal Co-Investigator	DST, New Delhi	Association between CYP2C8, CYP2C9, CYP2J2 and eNOS genes polymorphism and susceptibility to acute myocardial infarction in the South Indian population	2006-2009 (3 years)
4	Co-Investigator	ICMR-INSERM, New Delhi	Studies on T cell receptor V β - repertoire in autoimmune disorders: correlation with HLA profile	2007-2009 (3 years)
5	Co-Investigator	Central council for Research in homoeopathy, AYUSH, New Delhi	Immunological studies in rheumatoid arthritis treated with homeopathic drugs	2007-2009 (3 years)
6	Principal Investigator	DBT, New Delhi	Pharmacogenomics of candidate genes of essential hypertension	2004-2007 (3 years)
7	Principal Investigator	ICMR, New Delhi	Pharmacogenomics of selected genes in upper aerodigestive tract cancers in a south Indian population	2003-2006 (3 years)
8	Principal Investigator	ICMR, New Delhi	Relationship between candidate genes of hypercholesterolemia and risk of heart disease in a south Indian population	2004-2007 (3 years)

9	Principal Investigator	ICMR-INSERM	Genetic polymorphism of drug metabolising enzymes in South Indian population.	2002-2005 (3 years)
10	Principal Investigator	DSTE, Govt. of Pondicherry	The effect of genetic polymorphism of CYP2C9 on phenytoin toxicity in South Indian epileptic patients	2003-2004 (1 year)
11	Principal investigator Co-	University Grant Commission, New Delhi	Ethnic difference in the pharmacodynamics and pharmacokinetics of alprazolam	2001-2004 (3 years)
12	Principal Co-investigator	ICMR, New Delhi	Influence of diabetes mellitus on the pharmacokinetics of digoxin	1987-1990 (3 years)
13	Principal Investigator	DST, New Delhi	Influence of diabetes mellitus on drug metabolism	1986-1989 (3 years)
